The ARRIS DCX3200 P3 is a sophisticated set-top box with a cost-effective design to meet today's growing demands for HD content.

The all-digital DCX3200 P3 includes the latest audio and video output interfaces, including HDMI™ and Dolby® Digital Plus audio. When configured with MoCA® home networking the DCX3200 P3 provides the flexibility to serve as a multimedia client for accessing content from other compatible devices in the home. An embedded DOCSIS 2.0+ cable modem provides support for DSG and downstream channel bonding.
