

Super Tap MST

MSTs in 2,4,6,8 and 12 port configurations

- Faster lead times, dramatic cost savings
- Superior build quality
- Smaller, sleeker form factor for both the MST and the SuperTap (Optitap compatible)
- Toneable or dielectric pigtail options

Drop Cables

- SuperTap design offers superior performance and a smaller form factor than the Optitap
- Toneable or dielectric options
- Ruggedized and pushable drop cable options for every OSP application
- Rapid quotes, flexible customizations
