

Description:

B Corner Suspension Clamp

Reference:

9123870650

Technical Characteristics:

Used for attaching strand to corner poles.

Grooves fit 1/4" to 7/16" strands.

Clamp consists of two mating plates, two 5/8"-11 track bolts with attached square nuts.

Clamp plates are 42,9mm wide and 178mm (7") long.

One plate is flared at each end to facilitate pulling strand through the clamp and has a substantial projecting lip to retain the strand in the grooves.

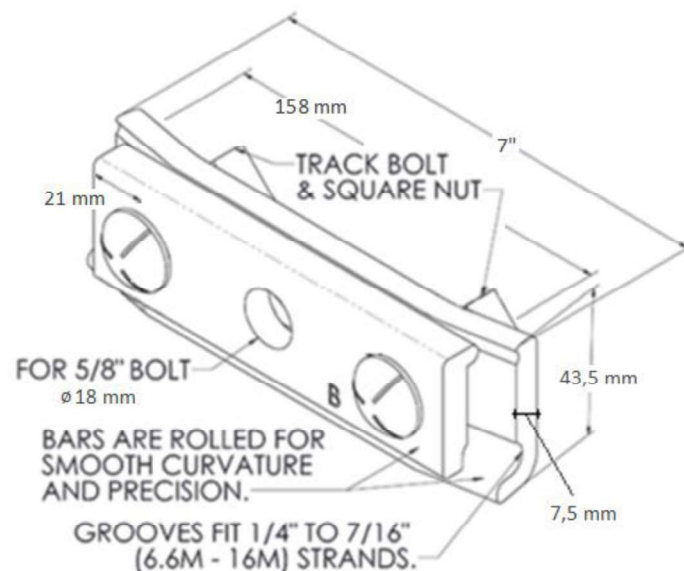

The center hole with $\varnothing 18\text{mm}$ on the Corner Suspension Clamp is for use with a 5/8".

Production date "YY/WW" appears as marking on the top section of the clamp. Bolts without marking.

Clamp with Hot dip galvanized steel Class B-3 to meet ASTM Specification A153.

Fasteners with Hot dip galvanized steel Class C to meet ASTM Specification A153.

Weight per unit: 0,930 kg.
